

Hanover Township Public Schools
Inclusive Preschool Admission Acceptance Process
2019-2020 School Year

- Students will be selected randomly through a lottery *drawn on February 28, 2019*.
 - The number of available seats in the Inclusive Preschool Program varies year-to-year based on the enrollment of students with special needs who require the program.
 - Once the number of available seats are drawn, 3 alternate students will also be drawn who will be placed on a waiting list.
- Accepted students will be notified in writing, within 1 week of the lottery drawing.
 - These students must return the placement confirmation form attached to the acceptance letter within one week of receipt.
 - If a student's confirmation form is not returned within this time period, the seat will be offered to a student on the waiting list.
- NOTE: Parents **SHOULD NOT** complete the district's online registration process until they have received written notification that their child has been accepted into the program and they have returned their placement confirmation form.
